

Top Left: This picture is from the wet-cleaning demo workshop at Vermont Cleaners in December, 2010. Notice how clean and fresh it is. The two silver machines are washers and the white machine is a dryer. The atmosphere inside is clean and fresh also as opposed to the muggy air and noxious perc scent of dry cleaners.

Top Right: On the right in this picture is Benson Xu, owner of Vermont Cleaners, sharing his knowledge and experience of wet-cleaning with a colleague.

Bottom Left: Cleaners come to the wet-cleaning workshop to learn and share.

Bottom Right: Second from the right is STPP's own Josie Hu, Garment Care Outreach Director, along with Benson Xu and three other cleaner owners.
